

CREATIVE Center for Stabilization & Development

Bringing on the ground stabilization capacity and expertise to the most complex environments – from Phase 0 to Phase V

- Conducting in country stabilization assessments in less than or non-permissive environments.
- Assisting time sensitive shaping efforts to deter conflict or crisis by supporting DoD contingency response requirements.
- Designing, implementing, and evaluating stabilization initiatives.
- Reconstituting basic human services and citizen-driven economic activity after conflict.
- Building/rebuilding capacity in local, provincial and national institutions after conflict.
- Linking security institutions (police and other) to the community.
- Providing conflict mitigation and stabilization education, exercise, and training support to DoD and USG resources.
- Developing, applying, and communicating stabilization and reconstruction “lessons learned” from post-conflict environments around the world.

Your Partner-of-Choice in a Changing World

Creative’s staff has practitioner experiences supporting USG programs in Afghanistan, the Balkans, Central American, Haiti, Iraq, Lebanon, Liberia, Somalia, Sudan, post-Katrina New Orleans and more.

Winning in the DoD 3000.05 environment demands agility, new skill-mixes, and robust partners who bring the language, cultural and operational practitioner talents to ensure results in stabilization, reconstruction and post conflict settings across the entire spectrum of military counterinsurgency and post-conflict operations.

Creative is the “soft-power” partner-of-choice for Department of Defense Stability, Security, Transition, and Reconstruction operational environment.

We Do:

- Program design, implementation, and evaluation.
